

Strike Preparations

With contract talks getting close to the final day and the company not moving on several items, your strike preparations committee is looking to you for help and communicating to you what your role is if we go out on strike.

We will need the following items:

- **Wood for the burn barrels**
 - **If you have wood for the burn barrels call down the Union hall (860) 345-2098 and give your name to the secretary with a phone number so we can contact you to set up a pickup of the wood.**

You, as a member, will need to do the following if a strike vote is sanctioned by the membership:

- **Arrive at the front gate to the Middletown facility prior to your assigned strike time.**
- **Park on the southbound side of the road after Maromas Road**
- **Go to the trailer and sign in with the Picket Captain. At the end of your assigned picket duty, you will need to sign out.**
- **This will insure you receive your strike benefits after the 2nd week.**

We are a proud and resilient membership and we will do what is needed for a successful resolution to a strike if we go out.

○ **We need to do the following if we go out on strike. Stay calm on the picket line and follow the laws. The Middletown Police are our sisters and brothers and they support us in our fight but we cannot and must not violate any laws. So please be courteous to them. If we do not ensure a peaceful strike, it could jeopardize the strike action.**

□ **Follow the Picket Captains directions while on the picket line.**
