Negotiations Day 8 Update

We wrapped up at the table late last night. The Company dropped a bombshell on US, they want to ignore the previous agreements and have the ability to leave new hires at entry level labor grades for "Years". We are back at the table this morning, trying to wrap up the insurance. We are working hard to ensure everyone has good healthcare coverage at a reasonable price. These final days at the table will be the key to our success. With your continued support, we will get a contract that we can all be proud of!!
