0006 Monthly Report

Sisters and Brothers, Pratt & Whitney has contracted Work Fit to help employee wellness and one of the ways is their interaction with our members to help prevent one of our largest injury drivers. Ergonomic injuries in all Module Centers are creating workplace injuries daily and we can help reduce and even prevent these injuries from happening.

The Union is asking you participate in these Work Fit programs. Why because it makes sense to prevent injuries, not to address them after you are hurt and it puts you out of work. We are asking you to ask your supervisor when and where are they going to have stretching exercises, toolbox talks, ergonomic body assessments on the work you are performing. With your ergonomics team's ergonomic work assessments we can prevent injuries.

We need you to ask your supervisor where and when you can participate. Its for your Health and Safety and your participation is critical to prevent injuries. For example DO/SEV has had over 20 injuries since 2020 and we are expecting 10-11 injuries this year alone with the current trend and at least 2 will go beyond first aid. Prevention is the key in preventing injuries. Early intervention is also, so please report any tiredness ache or slight pain before its too late. If you are having numbness, pain that makes you stop or hesitate then its probably too late. Reporting potential injuries early is the key and prevention is even better. Get involved in Ergonom-

ics and Work Fit. Work Fit currently does stretching at these locations. In PDC. We are asking for your participation in PDC/EC and DO/SEV on these stretching teams and on the Ergonomics and Audit teams at those locations.

Stretch groups:

PDC Mon Wed Friday

6:50am – Column E6

7:05am – Bowling Alley just past West Lobby.

12:15pm – Column E6

PDC Tues Thurs

Respectively submitted Chief Union Safety Representative Paul Dickes.

Sisters and Brothers I would like to thank you for your RIDII submittals. In CSMC we have received a total of 102, In PDC we received 28, F&S 23 and SEV 9 for a total of 162 as of March 2023. We are on pace to exceed our previous years. Each month we give out \$250 dollar award through the program through a random number generator. To all the winners Congratulations. Please keep up the good work and keep submitting the RIDII's. I would also like to thank the RIDII Coordinators Sharon Connors and Chris Knapik to keep driving the closure of the RIIDI's in each module center. We also need to thank your Union Safety reps who investigate and review the RIDII's and work with management on a corrective action.

YOY RIDII Submittals by MOD Center

In Middletown we have over 56 sisters and brothers injured as of May 30th. We have to many members getting injured. We need to JUST STOP. What is JUST STOP the right to tell your supervisor that you do not want to get injured at work and the current job that is being offered may hurt me. This is the time to tell your supervisor that you want to see a Union Safety rep and you refuse to Work Unsafely.

"Injustice anywhere is a threat to justice everywhere. We are caught in an inescapable network of mutuality, tied in a single garment of destiny." Martin Luther King, Jr., Letter from a Birmingham Jail
